

Why we need your help

ChildLine

ChildLine is the UK's free, confidential helpline for children and young people. Trained counsellors are on hand to provide advice and support by phone and online, 24 hours a day.

It may take a child weeks, even months, to pluck up the courage to call ChildLine and ask for help. Unless we can answer more calls, our greatest fear is that the terrified child will pick up the phone, find the lines busy, and never ring again. Sadly, lack of funds means that thousands of the calls received cannot be answered.

Help us to raise funds and celebrate the 25th Anniversary year of ChildLine at The Little Stars Ball, where you will have the chance to transform the lives of some of the UK's most vulnerable children. So that whether they call, email, text or contact us online, we'll be here.

Cancer Research UK

Cancer Research UK is the world's leading cancer charity dedicated to saving lives through research. Our groundbreaking work into the prevention, diagnosis and treatment of cancer has seen survival rates double in the last 40 years. But more than one in three of us will still get cancer at some point in our lives and our research, entirely funded by the public, is critical to ensuring more people beat it.

Thank you for your support
